

SILACA LANDSCAPE

MADE FROM 100% CRUSHED RECYCLED GLASS
ENVIRONMENTALLY FRIENDLY
SAFE TO HANDLE, WALK OR DRIVE ON

“Vetro Giardino” (glass garden) is a gravel-size rounded mix for driveways, paths, gardens and as a feature aggregate broadcast on a concrete slab:

- ✚ Attractive sparkles and glints when wet or lit
- ✚ Unique long term alternative to bark, stone, gravel

Landscape-grade aggregate for rural driveways, transport yards and general drainage applications:

- ✚ Controls dust and provides excellent drainage
- ✚ Helps keep the sub-base compact
